

**REMARKS**

This is in response to the Notice of Allowance mailed on January 30, 2006, in which claims 20-25, 27, and 29-42 were allowed. This Amendment is filed prior to payment of the Issue Fee due on May 1, 2006. With this Amendment, claim 20 has been amended to correct a replacement inadvertently omitted in the previous Amendment filed on October 26, 2005. Claim 20 has been amended to replace the term "magnetoresistive element" with the term "sensor" to correct a lack of antecedent basis. In view of the foregoing, pending claims 20-25, 27, and 29-42 are in condition for allowance. Entry of this Amendment is respectfully requested.

Respectfully submitted,

KINNEY &amp; LANGE, P.A.
